

Is your student interested in getting a taste of the college experience?

Academic Talent Search (ATS) offers 4th-9th graders exciting summer courses at CSU Sacramento that they pick for themselves!

Choose from classes like creative computing, messy science, law, neuroscience, and many others. At ATS, students can spend their summer doing what they love, take classes on a University Campus, and make new friends who share their interests and passion for learning!

To join these interactive and hands-on classes, your student must take the ATS Qualifying Exam. The test only takes an hour and there is no pass nor fail, so there's no need to stress! There is no obligation to enroll your student in ATS Summer classes.

Financial assistance is available for the qualifying exam as well as the summer courses.

Edward Harris Middle School will host the Academic Talent Search qualifying exam for one day only.
